Contact: [Shahab Hosseinian](#)

WordPress Developer Freelance

2019 - Present Worldwide
I started designing websites using WordPress a little before Covid-19 hit the globe and I'm pretty satisfied with what I have been doing since then. WordPress development was my first entry into the front-end development field and other front-end tech stacks such as React.js slowly grew on me since then.

Technologies and Tasks

- Elementor Builder Engine, Visual Composer Builder Engine, HTML, CSS, JS

Web Developer Rechat

09/2021 - 06/2022 United States
